

# BASEBOARD STRIPPER AND CLEANER

## BASEBOARD CLEANER & STRIPPER

**Form:** Clinging Gel    **Color:** Clear Liquid    **Odor:** Mild

- **BASEBOARD STRIPPER AND CLEANER** sets a new standard for removing finish and soil that cannot be touched by the toughest liquid stripper.
- Old yellow build-ups and heavily burnished finishes surrender to its strength.
- This spray will even cling to cove moldings and baseboards to penetrate, release and emulsify heavy build-ups of dirt and grime.

A heavy duty foam baseboard cleaner and wax stripper. Removes soil, wax and most cross-linked copolymer floor finishes from baseboards. Inverted valve allows can to be sprayed upside down, so cleaning and stripping baseboards is easy and trouble free. Normal use will not affect enamel paint.

Ideal for removing wax on . . .

Metal Doors and Frames  
Baseboards

**DIRECTIONS:** Turn can upside down and spray onto the surface to be cleaned. Allow spray to stay in contact with soil for 3 - 5 minutes while the synergistic forces of solvents and penetrants go to work. Then, with an abrasive pad, wet scrub away the loosened soil. Rinse the soil with clear water. The area is now thoroughly cleansed.

**DEMO/TIPS:** Spray **BASEBOARD STRIPPER AND CLEANER** in a corner where there is wax build up. Let it stand for a few minutes, then using a brush or green 3M scrub pad, rub area and rinse with water. Let the customer feel the area with their hand.
