

# CHALKBOARD CLEANER

## ALL PURPOSE CLEANER

**Form:** Aerosol Liquid

**Color:** White Foam

**Odor:** Mint

- Dissolves chalk dust and dirt from chalkboards, leaves boards bright, clear and easier to read.
- Will not harm chalkboard surface.
- Works on whiteboards and remarkable calendars.

Unique formulation dissolves chalk dust and dirt from chalkboard. Leaves boards bright, clear and easier to read. This mild detergent cleaner features a dry foam that penetrates deep into the pores of the chalkboard to lift away embedded chalk residues. In addition to removing thick layers of chalk without streaking or smudging, it will also leave behind a special coating that actually traps chalk dust and prohibits it from circulating into the air.

**DIRECTIONS FOR USE:** Shake well before using. Spray the board from a distance of about 20 inches. Wipe off with a clean cloth. Allow surface to dry before using.
