

# CHERRY D'ODOR

## CONCENTRATED ODOR CONTROLLANT

**Form:** Liquid

**Color:** Red

**Odor:** Cherry

- Add to mop water and improve a room's scent while mopping floors.
- Dries quickly without streaking or leaving spots.
- Deodorize automobiles, cigarette urns, garbage compactors, linen baskets, toilets, animal cages and anywhere offensive odors linger.

CHERRY D'ODOR offers you a refreshing option to controlling difficult, offensive odors. Whether you need to rid a hotel lobby of musty cigar smoke or you need to suppress extremely tough odors at a sewage plant, or general deodorizing purposes, CHERRY D'ODOR will work. CHERRY D'ODOR won't harm bacteria, making it perfect for use with various digestion methods.

Ideal for use in:

Banquet Halls  
Nursing Homes  
Schools  
Hotels/Motels

Industrial Buildings  
Offices  
Restaurants  
Hospitals, etc.

**DIRECTIONS:** For general deodorizing, dilute 1 to 2 ounces in 1 gallon of water and mist into the air. For areas requiring extra attention, spray CHERRY D'ODOR into the air and on the source of odors. CHERRY D'ODOR can also be added to mop water and other cleaning solutions at 2 ounces per gallon of solution to leave surfaces not only clean but fresh smelling as well. (See label for full directions for industrial uses).
