

CITRA KREME

Waterless Hand Cleaner

- Leaves hands **smelling** clean with the sweet, **pleasant** scent of **oranges**.
- Contains **no petroleum distillates** or **chlorinated solvents**.
- Convenient to use in situations where water is not available.

Share has developed a superior hand soap by tapping into the cleaning power of oranges. Using a citrus extract made from orange peels, called d'Limonene, **CITRA-KREME** muscles its way through grease, dirt and oil to clean the filthiest hands. As one of the most powerful ingredients available on the market, d'Limonene allows you to wash with or without the aid of water. A simple wipe of a towel or cloth is all you need. By adding skin-softening emollients and lanolin, **CITRA-KREME** will also sooth cracked, chapped skin as it attacks and removes grime. Plus, the scent of oranges leaves hands smelling clean and refreshing -- not flowery or medicinal. So when hard-working hands need a soap that works equally hard, you can count on **CITRA-KREME**.

Other Uses:

Athletic Departments, Restaurants, Municipal Wash Rooms, Food Processing Plants, Maintenance Departments, Truck Stops, Mechanics Shops, Factories.

Directions:

Place a generous amount of **CITRA-KREME** on the palm and rub into soiled skin. Be sure to thoroughly clean around cuticles, fingernails and knuckles. Wipe hands clean and dry with a cloth or paper towel, or rinse away with water.
