

CITRA-SCRUB

Citrus Waterless Hand Cleaner

- Creamy hand cleaner features **d'Limonene** combined with finely ground pumice.
- All **natural** formulation contains **special** emollients and lanolin to **soften** skin.
- Equally effective with or without the use of water.

CITRA-SCRUB is a powerful, waterless hand cleaner developed to utilize d'Limonene, the amazing cleaners extracted from the peel of citrus fruit. While the d'Limonene cleans the surface of your hands, finely ground volcanic pumice works into your skin's pores to remove ground in dirt from below the surface and leave hands cleaner than you ever thought possible. **CITRA-SCRUB** contains NO petroleum distillates, so it will not irritate sensitive skin while a carefully selected blend of emollients and lanolin actually work to soften skin to prevent painful drying and cracking. Designed to work with or without water, **CITRA-SCRUB** can handle tough dirt, grease and oil where there is no sink, making it ideal around work shops, maintenance areas and at outdoor work sites.

Other Uses:

Grease, Marker, Spray Paint, Graffiti Remover on Masonry & Concrete, Dirt, Grime, Ink, Law Enforcement as a fingerprint remover.

Directions:

Squeeze a generous amount of **CITRA-SCRUB** into palm and rub into soiled skin. Be sure to thoroughly clean around cuticles, fingernails and knuckles. Wipe hands clean and dry with cloth or paper towel or rinse with water.
