

CITRALENE AEROSOL

Citrus Solvent Degreaser

- *No chlorinated solvents.*
- *Dielectric strength, non-conducting up to 41,000 volts.*
- *No rinsing required.*

CITRALENE Organic Terpene Degreaser is a select blend of Terpenes designed to offer superior degreasing. This non 1,1,1 Trichloroethane, Non-Chlorinated, Non-Petroleum Formulation is a heavy duty alternative to less environmentally sound products. Excellent for degreasing metal equipment, concrete, chains, bearings, unpowered motors, saw blades and other hard surfaces.

Other Uses:

Garbage Truck Deodorant, Engine Parts Degrease, Tar & Adhesive Remover, Citrus Odour Control, Sewer Degreaser, Paint Brush Cleaner. Safe to use on - Concrete, Metals, Painted Surfaces, Fibreglass, some Plastics.

Directions:

Hold can upright. Spray onto surface to be degreased, allowing contact time for penetration and loosening of grease and oil. Wipe or blow dry with compressed air. Heavier deposits may require a second application before drying.

CAUTION: May damage some plastic, rubber or painted surfaces. Test on an inconspicuous area first.
