

CITRALENE NS

Natural Solvent Degreaser

- Contains **no harmful petroleum distillates or chlorinated solvents.**
- An aggressive, **natural solvent** ideal for most degreasing tasks.
- Safe to use on metal, cloth, wood and most plastics.

Strip away messy grease and grime in no time flat with **CITRALENE NS** from Share. **CITRALENE NS** was developed out of a need to find an alternative to dangerous, vapour-emitting chlorinated degreasers and flammable petroleum-based degreasers. Made from natural citrus extracts, **CITRALENE NS** is not only an extremely safe product to use, but it also has the strength to effectively lift away dirt and oil deposits from virtually any surface. These same citrus extracts also remove offensive odours to leave the room smelling like an orange grove in the middle of summer. For a versatile, safe and powerful degreasing solvent, use Share's **CITRALENE NS**.

Other Uses:

Orange Scented Odour Control, Natural Paint Thinner, Cosmoline Remover, Refuse Deodorizer, Natural Floating Lift Station Degreaser, Cable Cleaner, Sewer Degreaser, Circuit Board Cleaner.

Directions:

CITRALENE NS can be substituted into any degreasing or cleaning task previously utilizing either chlorinated solvents or petroleum distillates. **CITRALENE NS** is ready-to-use. Apply liberally to surfaces by dipping, spraying or by brushing. In addition, **CITRALENE NS** is ideal for use as an extra strength parts washing solvent for use in re-circulating parts washers. **CAUTION:** Test on plastics, may dissolve certain plastics.
