Easy to handle and pleasantly scented, **DEODORANT BLOCKS** are an effective means of controlling a wide range of malodors. These deodorant blocks are compounded from pure para-dichlorobenzene and perfumes that have been specially selected for their pleasant scent and effectiveness. These blocks, when exposed to air, release a mild subtle fragrance that sweetens and freshens the air. **DEODORANT BLOCKS** are a must wherever crowds gather and wherever there is a chance for unpleasant odors.

Use **DEODORANT BLOCKS** in . . .

Airports	Open Pit Latrines
Auditoriums	Public Restrooms
Bus Depots	Public Terminals
Churches	Rest Rooms
Clothing Factories	Safe Deposit Vaults
