

FLASH KLENE

Citrus Powdered Concrete Cleaner

- *Special **colour indication system** changes shades to let you know it's working.*
- *Formulated with **natural citrus extracts** for heavy duty cleaning power.*
- *Safe for use on **all water-washable surfaces** including wood, plastic and metal.*

This easy-to-use degreaser was designed specifically for washing porous surfaces. Simply sprinkle the powder onto dampened floors to activate this potent degreaser. A set of strong emulsifying agents and cleaners go into action to lift dirt and other soils off of concrete and other similar materials. Containing no caustic soda additives, **FLASH KLENE** is a non-abrasive powder that's safe to use on most washable surfaces. When mixed with water, a special green indicating colour gives you the ability to gauge the strength of the application for the task at hand. For greater cleaning power, add more **FLASH KLENE** until you achieve a dark, green colour.

Other Uses:

Powdered Citrus Odour Control, Powdered Steam Cleaner, Powdered Kitchen Degreaser, Sprinkle on garage floors so oil spills clean up fast and easy.

Directions:

On concrete floors: For heavy grime and severe oil staining, wet floor with clean water and sprinkle **FLASH KLENE** onto soiled areas. Scrub with stiff broom and allow to penetrate until deposits are loosened. Rinse floor with clean water.

Light cleaning requires 16 to 32 ounces (2 to 4 cups) of **FLASH KLENE** per 5 gallons of water. Difficult soils may require a stronger solution. Swab onto surface and allow to penetrate for 5 to 10 minutes, scrubbing with a bristled broom. Rinse thoroughly with clean water. Use **FLASH KLENE** with care on finished floors, as some floor finishes are not detergent resistant and may be harmed by **FLASH KLENE**.
