

GREASE IT

Multi-Purpose White Grease

- Provides **superior** lubrication and **reduces** friction on all metal-to-metal applications.
- An **exceptional** coating for the **prevention** of rust and corrosion.
- Ideal for automotive and industrial applications. **Heat stable to 360F.**

GREASE-IT is a durable, multi-purpose white grease that will not freeze, melt, gum, cake or wash off.

AUTOMOTIVE: Door and hood hinges, door stop latches, door striker plates, radio antenna, speedometer cables, window mechanisms, hood and trunk compartment springs, seat regulators, wiper mechanisms, ash tray channel glides, brake parts, seat tracks, distributor cams, etc.

INDUSTRIAL: Machinery and tools, chains, slides, cams, etc.

FARM: Implements, tractor machinery, chains, conveyors, etc.

HOME: Overhead garage door channels, fans, air conditioners, sliding doors and windows, garden and lawn equipment, tools, etc.

Other Uses:

Cables, Chains, Conveyors, Couplings, Elevator Cables, Fork Lifts, Garage Door Tracks, Gears, Hinges, Linkages, Marine Motors, Motor Cycle Chains, Power Mowers, Sliding Doors, Springs, Tool Tracks, Window Slides

Directions:

SHAKE **GREASE-IT** CAN WELL BEFORE USING.

Spray on surface to be lubricated. Use handy extension tube for pin-point applications or hard to reach places.
