- *Product is **non-toxic, non-corrosive, non-flammable** and **biodegradable**.*
- *Surfaces are left **smelling clean** with a fresh pine scent.*

For a multi-purpose detergent that can clean just about everything under the sun, get **HEAVY DUTY INDUSTRIAL CLEANER – PINE SCENT** from Share. You name the grime, it'll strip it in no time. Wax, soil, filth, dirt, grease, oil and fat deposits are just a few of the unwanted residues that it can cut through. The list of surfaces that it can safely be applied to is just as impressive. Without having to name every material, remember one simple rule; use **HEAVY DUTY INDUSTRIAL CLEANER – PINE SCENT** on any surface that isn't damaged by ordinary soap and water. Being so versatile and safe to use, it is a popular detergent for food processing equipment. It effectively emulsifies and suspends food build-up, making it easier for waste to be flushed away with a cold water rinse.
