

HPO CONCENTRATE

Multi-Surface Cleaner

- *Powerful cleaner that destroys grease and stains and deodorizes as it cleans.*
- *Eliminates hard-to-remove stains and restores original colour.*
- *Versatile, effective and easy-to-use multi-surface cleaner.*

This liquid multi-surface cleaner, degreaser and stain remover uses the power of hydrogen peroxide and the degreasing ability of d-Limonene to lift away tough stains and soils from virtually any surface. It is specially formulated with a stable form of hydrogen peroxide at a high pH level so it remains in an active state for a longer period of time than other “oxygen-based” cleaners. The concentrated formula can also be diluted at a variety of rates to clean everything from delicate fabrics to hard surface. **HPO CONCENTRATE** also deodorizes as it cleans.

Other Uses:

Glass, Appliances, Tile, Fabrics, Clothing, Sinks/showers, Metal, Furniture, Floors, Grout, Carpets, Countertops, Plastics, Upholstery, Walls, Stainless Steel.

Directions:

Light Duty: Dilute one ounce per gallon of water to clean surfaces as such as glass, mirrors, stainless steel and countertops.

Medium Duty: Dilute three ounces per gallon of water for difficult stains.

Heavy Duty: Dilute sixteen ounces per gallon for stubborn stains. It may also be used undiluted for extremely greasy areas and very difficult stains on hard surfaces.
