

LEMON D'ODOR

Deodorizer

- Does **not affect** bacterial action.
- Water-based formula **contains no harmful** solvents.
- Housekeeping and industrial **odour control**.

LEMON D'ODOR powerful liquid deodorizer was formulated to control obnoxious odours in sewage plants, lagoons, mains and laterals and other wastewater facilities. It controls odours without using harmful solvents and will not disrupt the natural bacterial action in digesters, septic tanks and drain fields. And because **LEMON D'ODOR** mixes well with water, it is a great fragrance for general purpose deodorizing.

Other Uses:

Sewage Treatment Plants, Septic Tanks, Dumps, Drain Fields, Sewer Mains & Laterals, Garbage Containers, Septic Tanks, Garbage Haulers.

Directions:

Spray, mist or inject **LEMON D'ODOR** undiluted product into feed lines. Amount of product required will vary with the temperature, air movement and intensity of the odour.
