

MINT CLEANER

Neutral Cleaner & Deodorizer

- **Neutral pH** means it is safe to use on any hard, washable surface.
- **Environmentally safe – non-corrosive, non-toxic.** Contains no naphthas, benzenes, phosphates or chlorinated solvents.
- **Economical to use** with its high dilution ratio – dilutes up to 1:128 with water.

MINT CLEANER & DEODORIZER is a multipurpose, neutral pH, mint scented cleaner and deodorizer. This is the perfect cleaner to be used in an automatic scrubber, pressure washer, tank sprayer, mop bucket or simply spray and wipe a surface. The concentrated mint oils in **MINT CLEANER & DEODORIZER** will leave the room smelling clean and the quaternary-based formula will leave the room clean of dirt and grime.

Other Uses:

Bathrooms, Kitchens, Schools, Nursing Homes, Locker Rooms, Dumpsters.

Directions:

Apply solutions with scrubbing machine, wet mops, sprayers, sponges, cloths, etc. Rinse with water. *Light Cleaning:* 1-2 oz per gallon of warm water. *Medium Cleaning:* 2-3 oz per gallon of warm water. *Heavy Cleaning:* 4-6 oz per gallon of warm water.
