

# OVEN & GRILL CLEANER

Dissolves Grease

- Gel formulation **clings to surfaces**.
- **Eliminates scraping**.
- Cleans both **warm and cold ovens**.

A powerful, effective, spray-on, wipe clean oven cleaner that works quickly and is easy to use. Effective on warm or cold ovens, grills and drip pans. Even removes caked-on and heavily burnt greases. Minimizes the need for scouring when cleaning heavily soiled steel pots and pans. It's gel formula is safe to use on any metal.

## Directions:

---

### SHAKE WELL BEFORE USING

1. Turn off current in electric ovens and pilot lights in gas oven.
2. Cover floor under oven with newspapers.
3. Remove racks and other equipment from oven and clean these separately.
4. Remove cap and point valve opening toward surface to be cleaned. Hold can upright and spray 8" to 12" from surface.
5. Avoid contact with exterior trim and do not allow spray to penetrate electrical connectors or rear pilot lights.
6. Leave oven door open and let cleaner stay on 15-20 minutes. Wipe clean and then rinse with potable water.
