

PEAPODS

Bacterial Urinal Deodorizer

Form: Solid **Color:** Various **Odor:** Various

- VOC Compliant, No ozone depleting ingredients.
- Gradual fragrance release ensures 24 hour odor control for 30 days.
- Translucent design allows full view of drain.

Maintaining the cleanliness of a bathroom is a constant battle. Share would like to offer their **PEAPODS** bacterial urinal deodorizer to help in the fight against bathroom odors. The screens use bacteria to help inhibit microbial growth and eliminate odors. As the screen is exposed to liquids, it will shrink, conforming to the shape of the urinal drain trapping potentially troublesome debris. This revolutionary design reduces splash-back while optimizing fragrance release. Each **PEAPODS** fragrance is gradually released over a 30-day period and is 10x more fragrant than ordinary vinyl urinal screens.

Use in . . .

School Gyms
Open Pit Latrines
Clothing Factories
Airports
Bus Depots
Motels

Sewage Treatment Plants
Locker Rooms
Food Processing Plants
Public Restrooms
Hotels

DIRECTIONS FOR USE: Unwrap screen and place in urinal protrusion (points) side up. Remove and replace after 30 days.
