

SANITIZING TOWELS

Hand Sanitizer

- *Sanitizing formula kills harmful microorganisms. **Kills 99.9% of germs & bacteria within seconds.***
- ***Prevents** cross-contamination.*
- *No mess compared to runny alcohol gels. **Non-abrasive fabric** thoroughly sanitizes while gentle to skin.*

SANITIZING TOWELS were developed to immediately eliminate harmful microorganisms from skin. Pre-moistened with a powerful sanitizing formula, a single towel kills 99.9% of disease-causing microbes in only a few seconds.

SANITIZING TOWELS eliminate several different disease-causing germs and bacteria including: Psuedomonas aeruginosa, Escherichia coli, Staphylococcus aureus, Streptococcus pyogenes, Salmonella choleraesuis, Candidia albicans.

Unlike runny alcohol gels, **SANITIZING TOWELS** aren't messy. Just tear, wipe and throw away. Plus, our special formula conditions skins as it sanitizes.

Other Uses:

Telephones, Door Knobs, Light Switches. Can Be Used Anywhere - Medical Offices, Hospitals, Hotels, Schools, Dentist Offices, Day Care Centres, Restaurants, Nursing Homes, Correctional Facilities, Health Clubs, Etc.

Directions:

SANITIZING TOWELS do not cause a mess. They're ideal when soap and water are not available. Plus, each towel is fortified with emollients and natural oils to prevent chapping.
