

SANITIZING TOWELS

HAND SANITIZERS

Form: Pre-Moistened Towel

Color: White

Odor: Wintergreen

- Sanitizing formula kills harmful microorganisms. Kills 99.9% of germs & bacteria within seconds.
- Prevents cross-contamination.
- No mess compared to runny alcohol gels. Non-abrasive fabric thoroughly sanitizes while gentle to skin.

SANITIZING TOWELS were developed to immediately eliminate harmful microorganisms from skin. Pre-moistened with a powerful sanitizing formula, a single towel kills 99.9% of disease-causing microbes in only a few seconds. **SANITIZING TOWELS** eliminate several different disease-causing germs and bacteria including:

Psuedomonas aeruginosa
Staphylococcus aureus
Salmonella choleraesuis

Escherichia coli
Streptococcus pyogenes
Candidia albicans

Unlike runny alcohol gels, **SANITIZING TOWELS** aren't messy. Just tear, wipe and throw away. Plus, our special formula conditions skins as it sanitizes.

Other **SANITIZING TOWEL** Uses . . .

Telephones
Door Knobs
Light Switches

SANITIZING TOWELS do not cause a mess. They're ideal when soap and water are not available. Plus, each towel is fortified with emollients and natural oils to prevent chapping.

DEMO/TIPS: Allow customer to clean hands with a sanitizing towel.

Can be used anywhere – medical offices, hospitals, hotels, schools, dentist offices, day care centers, restaurants, nursing homes, correctional facilities, health clubs, etc.
