

SOY TAR REMOVER

Natural Citrus Cleaner Concentrate

- *Combines 15% of the powerful solvent, d'Limonene, with **natural surfactants** and 78% soybean oil derivative.*
- ***100% natural** and **biodegradable** formula will not harm painted surfaces and is safe for the environment.*
- *Replaces degreasers made with hazardous petroleum distillates and harsh alkaline cleaners. Dissolves grease, oil, tar and heavy grime on contact.*

If you're looking for a safe alternative to hazardous petroleum-based degreasers or harsh alkaline cleaners, look no further than **SOY TAR REMOVER** all-natural cleaner. **SOY TAR REMOVER** combines a variety of natural and biodegradable detergents and emulsifiers made from oranges and soybeans—in perfect balance to produce a 'green' cleaner that dissolves the heaviest grease deposits. **SOY TAR REMOVER** is as versatile as it is safe. Use it to remove gum, wax, oil, tar, dirt, adhesives as well as grease and grime. It even cleans concrete and masonry, machinery and equipment, motors and other metal parts. **SOY TAR REMOVER** utilizes an emulsifiable formula that penetrates deposits fast, allowing you to rinse the dirt and residue away with water.

Directions:

For heavy accumulation of dirt, grease, tar and asphalt use **SOY TAR REMOVER** undiluted. Spray onto deposits and allow a few minutes for solution to penetrate. Then rinse deposits away with clean water.

For parts washing use **SOY TAR REMOVER** undiluted through parts washer system. To remove gum, wax and adhesives spray onto deposit and allow a few minutes to work. Safe to use on rugs, carpets and upholstery without staining. Be sure to test in an inconspicuous area.
