

# EXTRA-SORB

## Super Absorbent Powder

- *Special hygroscopic formula makes powder extremely **absorbent to water and moisture**.*
- *Odour neutralizing chemicals **suppress smells** while emitting a pleasant flora aroma.*
- ***Quickly** absorbs vomit, fluids and spills **within 2 minutes**.*

**EXTRA-SORB** works on mishaps and fluids by quickly drawing the special powdered polymeric granules into a pliable yet firm mass so they can be removed with the simple stroke of a broom and dust pan. With the strength to absorb 80 times its weight in water **EXTRA-SORB** overpowers and consumes almost any liquid. As a biodegradable product, it can be safely disposed of without harming the environments.

### Other Uses:

---

Schools/Day Care Centres, Buses, Restaurants, Trains, Hospitals/Nursing Homes, Cruise Ships, Ambulance Services

### Directions:

---

Sprinkle **EXTRA-SORB** evenly on the spill or mishap. Allow 2 minutes for product to absorb, then pick-up and dispose. **EXTRA-SORB** is biodegradable. **EXTRA-SORB** may make surfaces slippery after use. Be sure to dry surfaces thoroughly.
