

VANQUISH

DISINFECTANT

Form: Liquid **Color:** Colorless **Odor:** Detergent

- Delivers non-acid disinfectant and cleaning performances in an economical dilutable formula.
- Formulated for use in daily maintenance programs with a balance of detergents and biocides that deliver effective cleaning, disinfecting and malodor control. Active in hard water up to 44ppm hardness.
- Effectively inhibits the growth of mold and mildew and the odors caused by them.

Cross contamination is of major housekeeping concern. **VANQUISH** has been formulated to aid in the reduction of cross contamination not only in hospitals, but in schools, institutions and industry. This product contains no phosphates or phosphorous compounds. **VANQUISH** is a disinfectant sanitizer for veterinarian, animal care and agricultural applications. When used as direct, **VANQUISH** will disinfect, clean and deodorize surfaces in rest rooms and toilet areas, behind and under sinks and counters, garbage cans and garbage storage areas and other places where bacterial growth can cause malodors.
