

FREEZER CLEANER

Deicer & Cleaner

- *Deices and cleans in one easy step.*
- *Ready to use formula is **effective** in temperatures as low as **-60°F**.*
- ***Safe** to use on many **washable** surfaces.*

Share's ready to use **FREEZER CLEANER** deices and cleans freezer compartments in one step. When sprayed onto walls and mopped onto floors, **FREEZER CLEANER** quickly penetrates and melts away ice build up. It is effective in temperatures as low as -60°F. Once it clears away ice, powerful cleaning agents remove grease, grime and other dirt deposits. No rinsing is required. Simply clear away remaining residue with a squeegee or wet vac. **FREEZER CLEANER** is not a solvent so it will not harm surfaces or leave behind residual films and odours. It is safe for use on concrete, metal, rubber, plastic, ceramic, quarry and other washable surfaces.

Other Uses:

Meat Lockers, Coolers, Concrete, Painted Surfaces, Freezers, Metal, Tile, Rubber

Directions:

FREEZER CLEANER is a ready to use liquid that should be applied at full strength. Apply liquid solution by any means of spraying, pouring or swabbing. No rinsing required. Simply clear away remaining residue with a squeegee or wet vac.

NOTE: New concrete must be cured a minimum of 90 days prior to applying **FREEZER CLEANER**.
