

# **CITRA-GEL Aerosol**

## **CLINGING EMULSIFIABLE DEGREASING GEL**

# **CITRA-GEL Aerosol**

## **CLINGING EMULSIFIABLE DEGREASING GEL**

**Form:** Aerosol Liquid    **Color:** Orange    **Odor:** Citrus

- Emulsifiable gel is easily rinsed away with water, leaving behind no film or residue.
- The aerosol spray lets you get into corners and hard-to-reach places.
- Contains d'Limonene, an all-natural citrus extract degreaser.

Keep expensive machinery and equipment running smooth and clean by removing accumulated grease, tar, pitch and asphalt with **CITRA-GEL**, a clinging, emulsifiable degreasing gel. **CITRA-GEL** uses the natural strength of the citrus extract d'Limonene to power through tough grease and grime, leaving tools, parts and machinery looking and running like new. The clinging, aerosol gel formula puts the d'Limonene directly in contact with greasy grime and sticks there, even on vertical surfaces, to dissolve deposits. While it is an effective degreaser, **CITRA-GEL** will not harm most paints or vehicle decals.

**CITRA GEL** is ideal for removing. . .

Grease	Tar
Pitch	Asphalt
Roofing Compounds	

**CITRA GEL** great for degreasing. . .

Oven Hoods	Fryers
Grills	Countertops
Shower Walls	Range Tops

**DIRECTIONS:**

SHAKE WELL BEFORE USING. Remove cap and spray **CITRA-GEL** Aerosol evenly over the entire dirty surface. Allow to work for 1-2 minutes. Flush away loosened grease and grime deposits with water. For heavily soiled areas, scrub lightly with a stiff bristled brush. Repeat as necessary. Do NOT apply to plastic parts.
