

HEAVY DUTY INDUSTRIAL CLEANER ULTRA NI

Multi-Purpose Cleaner

- *Low-phosphate, low-foaming, mild alkaline cleaner **concentrate** that can be diluted.*
- *Safe on any surface that can handle ordinary soap and water.*
- *Perfect for removing **heavy dirt** and grime often found on vehicle surfaces, engines, ovens, fryers, grills, brick walls, lockers, cabinets, floors, fans and ducts, etc. Can be sprayed brush or mopped onto surfaces.*

For a multi-purpose detergent that can clean just about everything under the sun, get **HEAVY DUTY INDUSTRIAL CLEANER-ULTRA NI** from Share. Wax, soil, filth, dirt, grease, oil and fat deposits are just a few of the unwanted residues that it cuts through. Without naming every material, just remember one simple rule; use **HEAVY DUTY INDUSTRIAL CLEANER-ULTRA NI** on any surface that can handle ordinary soap and water. Being so versatile and safe to use, it is a popular detergent for food processing equipment. It effectively emulsifies and suspends food build-up, making it easier for waste to be flushed away with a cold water rinse.

Other Uses:

Fire Hoses, Walls, Concrete Floors, Resilient Floors, Lockers, Greasy Parts, Brick, Refrigerator and A/C Coils, Tires, Ovens, Fryers & Grills, Cabinets
