

BRAKE CLEANER

Cleaner & Protector

- *VOC compliant.*
- *Dries quickly with no residue.*
- *Alternative to chlorinated solvents.*

BRAKE CLEANER is a versatile solvent with many applications in industry, maintenance shops and vehicle service stations. It is ready to use with no dilution necessary. This clean, fast-drying solvent is ideal for applications that require superior degreasing ability. Its proven ingredients power through heavy grease and grime accumulation, yet it is volatile organic compounds (VOC) compliant and contains no ozone-depleting compounds or chlorinated solvents.

Other Uses:

Engine Parts, Motors, Ceramics, Appliances, Brakes, Metal Parts, Porcelain, Mechanical Parts

NOTE: Should not be used on plastic, rubber, polycarbonate and similar surfaces.

Directions:

Read entire label before use and follow all directions. Use in well ventilated areas. Shake before using. Hold can 8-12 inches away from surface being degreased. Spray the parts and surfaces to be degreased. For hard to reach areas, insert the extension tube into the spray tip. Repeat as necessary. Air or towel dry with clean cloth.
